

LEVEL 3 DIPLOMA IN WORK-BASED FENCING

Introduction

This qualification is a competency-based qualification and is based on the Fencing National Occupational Standards. This qualification is aimed at those who are involved in a variety of fencing roles (general fencing and vehicle restraint systems) and is suitable for those who are working in a technical role or supervisory/management level.

Structure

This qualification has nine mandatory units. All units must be achieved to gain the qualification.

TQT

509 Hours

Pre- requisite

This accreditation is available to anyone over the age of 16 who is capable of reaching the required standard. There are no barriers that restrict access or progression thereby promoting equal opportunity. It is expected however that learners will have a level of literacy adequate to cope with the assessment.

Grading

Pass

Units

- Manage and establish lines and levels (M)
- Monitor and maintain the installation of fences (M)

- Control resources in support of fence installations (M)
- Inspect fencing to identify defects and repair options (M)
- Promote, monitor and maintain health, safety and security of the workplace (M)
- Maintain and enhance productive working relationships (M)

Expectations at level 3

Achievement at level 3 reflects the ability to identify and use relevant understanding, methods and skills to complete tasks and address problems that, while well defined, have a measure of complexity. It includes taking responsibility for initiating and completing tasks and procedures as well as exercising autonomy and judgement within limited parameters. It also reflects awareness of different perspectives or approaches within an area of study or work.
